

APOST Quality Campaign Mini Grant Process

The purpose of APOST Quality Capacity Mini-Grants is to support Quality Campaign Members in their continuous quality improvement efforts. Funding requests must directly reflect the items from your agency's Quality Self-Assessment (QSA) Action Plan that seek to improve the program's:

- 1) Structure and management
- 2) Positive connection
- 3) Safety and health
- 4) Activities

Mini Grants will be accessible via an online application form twice a year at a maximum of \$3,000.00 per grant. Note: mini grants will no longer be accepted on a rolling basis. Additionally mini grants will be reviewed by a volunteer review team. This will not be a group of QC members.
